**THE GRANITE SERIES OF HARDY CHRYSANTHEMUMS
ORIGINATED AND NAMED BY PROF. ELWYN MEADER**

The Granite prefix signifies originations by the plant breeders at the University of New Hampshire. These varieties were selected on the basis of extreme winter-hardiness, frost resistance, clean, disease free foliage and beautiful fall flowers for the out-door garden. Gardeners in the northern states where winters are vigorous will be pleased with these fully hardy chrysanthemums.

GRANITE GEM - strong growing, cushion-type plant, with double lemon yellow flowers; makes a symmetrical hedge-type row alive with beauty with its thousands of blossoms.

GRANITE HARVEST - vigorous; light orange, 2½ in. semi-double flowers with yellow center; 24 in. stems; blossoms abundantly; a favorite with many.

GRANITE RADIANCE - glossy, 3 in., brick-red, double flowers; very resistant to wind, rain, cold and frost.

GRANITE BUTTERCUP - burnt-gold pom-pom flowers; 26 in. stems.

GRANITE GLOW - single, yellow flowers and markedly resistant to fall frosts.

GRANITE PROMISE - single 3 in. flowers, with several rows of brick-red petals; storm and frost resistant; a garden favorite.

GRANITE ENCHANTMENT - intermediate pom-pom flowers, orange in color; a strong grower.

GRANITE RANGER - 2½ in. semi-double; brick-red flowers with crested centers; borne on strong stems.

GRANITE BRONZE - double, bronze flowers, resistant to frosts.

GRANITE PAGEANT - low growing; very floriferous with rusty-red, single flowers having long, narrow petals.

Above varieties \$.75 each; any 5 or combination \$3.25; any 10, \$5.00; any 100, \$40.00; postpaid.

GRANITE TRUTH - a new release for 1958. Early white; blooms at Durham, N.H. about August 15th. This white selection contributes beauty to the garden a full month or more before any frost damage may occur. The compact, rounded plant grows 18 to 24 in. tall, \$1.00 each, postpaid.

GRANITE PLEASURE - another winter hardy selection for 1958, having double, dark-red flowers 2 ¾ in. on 24 in. plants; has withstood 23° F. when in full bloom without appreciable injury. Because of its dark, clean color it will become a favorite. \$1.00 each, postpaid.

No guarantee that plants will live. I will ship healthy, freshly dug, well packed plants.
